Attention: Thomas Tetting

RE: Red Rock Mine Plan Review
S & S Mining Company
ACT/037/050
San Juan County, Utah

Dear Mr. Tetting:

This letter is in reference to our phone conversation on December 3, 1982. Enclosed is a copy of Mr. Ruggeri's letter dated November 24, 1982, that you stated was not on file with DOGM at the time of our conversation.

At this time we would like to request an extension of time within which to document our reply to the questions you raised in your Mine Plan Review (ACT/037/050) received at the end of October. We feel that an extension until the first of March, 1983 would give us sufficient time to resolve the environmental, financial, legal and other problems associated with this mine.

I will now be working closely with T. S. & R., S & S Mining, Mr. Ruggeri and Atlas Minerals Environmental Staff to clear up this problem as promptly as possible.

I would appreciate you sending me a copy of all correspondence on this subject in the future and contacting me personally by telephone if there are any problems involved with granting an extension as stated above.

Sincerely,

Robin Groff
Consulting Engineer
